

ABA:1233

A posterior

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, with a central vertical black line representing the midline. There are two bright blue spots on the left side of the image, one near the bottom and one near the top. The text 'ABA:1233' is located in the top left corner, and 'A posterior' is located in the bottom left corner. A vertical white line is positioned to the right of the center, and a horizontal white line is positioned below the center.
