

ABA: 587418

VPM/VPL

An axial brain scan showing a blue-colored region of activation in the somatosensory cortex. The image is divided into four quadrants by a vertical and a horizontal white line. The blue region is primarily located in the left hemisphere (viewer's right) and extends slightly into the right hemisphere (viewer's left). The text 'ABA: 587418' is in the top left and 'VPM/VPL' is in the bottom left.
