

ABA:67752116

S0

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, with a central region of higher intensity (yellow/green) indicating a focal area of activity or pathology. The scan is overlaid with a white grid. The text 'ABA:67752116' is located in the top left corner, and 'S0' is located in the bottom left corner.
