

ABA:67787332

DM

This image shows a fluorescence microscopy scan of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The signal is primarily blue. In the bottom-left quadrant, there is a bright, localized spot of blue signal. In the top-left quadrant, there is a smaller, fainter blue spot. The rest of the brain section shows a more diffuse, low-intensity blue signal. The text 'ABA:67787332' is located in the top-left corner, and 'DM' is in the bottom-left corner.
