

ABA:67870433

IC

The image displays a coronal slice of a brain scan. A vertical white line is positioned on the right side of the image, representing the slice location. The brain tissue is shown in a dark blue color against a black background. A small, bright blue spot is visible in the lower-left quadrant of the brain slice, indicating a specific area of interest or activation. The text 'ABA:67870433' is located at the top left, and 'IC' is at the bottom left.
