

ABA: 67979033

VA/VL

An axial brain scan image showing a cross-section of the brain. The image is predominantly dark blue, indicating low signal intensity. A vertical white line runs through the center, and a horizontal white line runs across the middle. There are several small, bright cyan and yellow spots of activation, primarily located in the lower central region of the brain, corresponding to the VA/VL area mentioned in the text. The text 'ABA: 67979033' is in the top left, and 'VA/VL' is in the bottom left.
