

ABA:67979051

DM

This image shows a fluorescence microscopy scan of a brain section. The brain tissue is represented by a blue, semi-transparent mask. A prominent, bright blue spot is visible in the midline region, likely indicating a specific area of interest or a lesion. The image is overlaid with a white crosshair, with the vertical line passing through the bright spot. The text 'ABA:67979051' is located in the top left corner, and 'DM' is in the bottom left corner.
