

ABA: 68151438

M

The image shows a fluorescence microscopy view of a cell. The cell is roughly circular and filled with a blue signal. A prominent bright spot, transitioning from yellow to green to red, is located at the bottom left of the cell. A white crosshair is overlaid on the image, with the vertical line passing through the center of the cell and the horizontal line passing through the bright spot. The text 'ABA: 68151438' is in the top left, and 'M' is in the bottom left.
