The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan. The brain is represented by a blue silhouette against a black background. A prominent red spot is visible in the upper central region, indicating a focal area of high activity or uptake. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA: 68157409' is located in the top left corner, and 'Pn' is in the bottom left corner.
