

ABA: 68162198

VMH

This figure displays a coronal brain scan with a color-coded intensity scale. A prominent, vertically oriented region of high activity, shown in yellow and green, is located in the upper-left quadrant of the brain. The rest of the brain tissue is represented in shades of blue, indicating lower activity levels. A white crosshair is centered on the image, and the text 'ABA: 68162198' is in the top-left corner while 'VMH' is in the bottom-left corner.
