

ABA: 68301664

S0

This image is an axial brain scan, likely a PET or SPECT scan, showing a cross-section of the brain. The brain tissue is represented by a blue color. A vertical white line is drawn through the center of the brain, and a horizontal white line is drawn across the middle. In the posterior midline region, there is a focal area of activation, indicated by a small cluster of colors: red, yellow, and green. This area is located in the posterior part of the brain, near the midline, and is surrounded by blue brain tissue. The text 'ABA: 68301664' is located in the top left corner, and 'S0' is located in the bottom left corner.
