

ABA : 68341728

Tg

The image displays a fluorescence microscopy scan of a biological specimen, likely a plant or animal tissue, against a black background. The specimen is illuminated with a blue light, creating a diffuse glow. A prominent, bright spot of cyan and yellow-green fluorescence is visible in the upper right quadrant. A white crosshair is overlaid on the image, with the vertical line passing through the bright spot and the horizontal line intersecting it. The text 'ABA : 68341728' is located in the top left corner, and 'Tg' is in the bottom left corner.
