

ABA : 68341794

S0

This is an axial PET scan of the brain. The image shows a cross-section of the brain with a color scale representing metabolic activity. A prominent area of increased activity is visible in the left posterior region, appearing as a bright yellow-green spot. The rest of the brain shows relatively low activity, represented by blue and black colors. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA : 68341794' is located in the top left corner, and 'S0' is in the bottom left corner.
