LG

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly dark, with a blue highlighted region indicating areas of increased activity or uptake. The blue region is concentrated in the left hemisphere (viewer's left) and extends towards the center. A white grid is overlaid on the image, with a vertical line and a horizontal line intersecting. The text 'ABA : 68341955' is located in the top left corner, and 'LG' is in the bottom left corner.
