

ABA : 68410393

Tg

The image displays a blue fluorescence pattern on a black background. The pattern is roughly diamond-shaped and is bisected by a vertical and a horizontal white line that intersect at the center. The fluorescence is more intense in the lower-left and lower-right quadrants, with several bright spots. The upper-left and upper-right quadrants show a more uniform, though still textured, blue glow. The text 'ABA : 68410393' is located in the top-left corner, and 'Tg' is in the bottom-left corner.
