

ABA: 68498445

S0

This figure is a brain scan image, likely an axial slice, showing a localized area of activation in the left hemisphere. The activation is represented by a small cluster of pixels with a color gradient from blue to red, indicating varying levels of intensity. The rest of the brain area shown is dark blue. The image is overlaid with a white grid. The text 'ABA: 68498445' is in the top left, and 'S0' is in the bottom left.
