

ABA : 68546374

ME

A fluorescence microscopy image of a cell, likely a yeast cell, showing a bright spot at the bottom center. The cell is divided into two halves by a vertical line. The left half shows a complex pattern of blue and cyan spots, while the right half is mostly dark blue. A horizontal line is drawn across the bottom of the cell. The text 'ABA : 68546374' is in the top left, and 'ME' is in the bottom left.
