

ABA: 68563104

M

This image shows a fluorescence microscopy view of a cell, divided into four quadrants by a white crosshair. The cell is stained with a blue fluorescent dye. In the bottom-left quadrant, there is a distinct, bright yellow-green spot, which is the focus of the 'M' label. The rest of the cell shows a diffuse blue fluorescence. The text 'ABA: 68563104' is located in the top-left corner.
