

ABA: 68632196

VA/VL

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a large, irregularly shaped blue region in the center, representing areas of increased metabolic activity or blood flow. The blue region is roughly circular, with a vertical slit-like gap in the center. A white grid is overlaid on the image, consisting of a vertical line and a horizontal line that intersect at the center of the blue region. In the top left corner, the text 'ABA: 68632196' is displayed in white. In the bottom left corner, the text 'VA/VL' is displayed in white.
