

ABA: 68633008

VMH

This is a fluorescence microscopy image of a brain section. The image is predominantly dark, with a large, irregularly shaped blue region in the center. This blue region is brighter in some areas, particularly towards the bottom left, where it appears as a bright cyan/white spot. A vertical white line runs down the center of the image, and a horizontal white line runs across the middle, intersecting at the center of the blue region. The text 'ABA: 68633008' is in the top left corner, and 'VMH' is in the bottom left corner.
