

ABA: 68666577

A posterior

The image displays a cross-sectional scan of a brain, likely an axial slice. The brain tissue is rendered in a dark blue color against a black background. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle. In the lower-left quadrant, there is a small, bright blue spot, which is the region of interest. The text 'ABA: 68666577' is located at the top left, and 'A posterior' is at the bottom left.
