

ABA : 68667872

CA2/CA3

An axial brain scan image showing functional activity. The image is divided into three vertical panels by a white grid. The left panel shows a prominent yellow and red spot in the lateral region, and another yellow and red spot in the lower-left region. The middle panel shows a smaller yellow and red spot in the lower-middle region. The right panel is mostly dark blue, indicating low activity. The text 'ABA : 68667872' is at the top left, and 'CA2/CA3' is at the bottom left.
