SC

An axial brain scan image showing a cross-section of the brain. The brain tissue is highlighted in blue against a black background. A small, bright blue spot is visible in the posterior midline region, likely representing a lesion or area of interest. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA: 68667922' is located in the top left corner, and 'SC' is in the bottom left corner.
