

ABA: 68744474

LG

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a blue highlighted region indicating areas of increased activity or uptake. The blue region is concentrated in the lower central part of the brain, with a few smaller spots extending upwards and outwards. A white grid is overlaid on the image, consisting of a vertical line and a horizontal line that intersect in the center. The text 'ABA: 68744474' is located in the top left corner, and 'LG' is in the bottom left corner.
