

ABA: 68745161

S0

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, with a central vertical structure representing the brain's midline. A horizontal white line is drawn across the image, and a vertical white line is drawn down the center. The text 'ABA: 68745161' is located in the top left corner, and 'S0' is located in the bottom left corner.
