SCN

A fluorescence microscopy image of a brain section, likely from a mouse, showing the Suprachiasmatic Nucleus (SCN). The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant is labeled 'ABA: 68797715' and the bottom-left quadrant is labeled 'SCN'. The SCN is visible as a bright blue region in the lower-left quadrant, with some brighter spots indicating individual neurons or clusters. The rest of the brain section is dimly visible in blue.
