The color scale ranges from dark blue (low activation) to yellow (high activation). The activation is primarily in the posterior region, with a prominent yellow spot in the lower-left quadrant. There are also several blue spots in the upper-left and lower-right quadrants. A vertical line is drawn through the center of the brain, and a horizontal line is drawn across the middle. The text "ABA:68798304" is at the top and "A posterior" is at the bottom.
