

ABA: 68798555

S0

This image shows an axial brain scan with a blue highlighted region in the left hemisphere. The scan is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA: 68798555' is located at the top left, and 'S0' is at the bottom left. The blue region is primarily in the left hemisphere, with a small cluster in the lower-left quadrant and a larger, more diffuse area extending towards the center and top-left.
