

ABA:68799083

MD

The image displays two axial brain MRI slices. The left slice shows a bright blue area in the white matter, indicating a lesion. The right slice shows a dark area in the same location, suggesting a different slice or a different view of the same area. A vertical line separates the two slices. The text 'ABA:68799083' is at the top left, and 'MD' is at the bottom left.
