

ABA : 68844295

VPM/VPL

A brain scan image, likely an axial slice, showing a region of interest in the VPM/VPL area. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant shows a bright blue and yellow region, indicating high activity or signal. The top-right quadrant is mostly dark blue. The bottom-left quadrant shows a bright blue region. The bottom-right quadrant is mostly dark blue. The text "ABA : 68844295" is located at the top left, and "VPM/VPL" is located at the bottom left.
