

ABA: 68844564

SPa ventral

The image displays two side-by-side brain scans, likely axial slices, showing a blue-colored region of activation. The scans are separated by a vertical white line. The activation pattern is roughly circular and centered in the upper portion of the brain slices. The background is black, and the activation is a solid blue color. The text 'ABA: 68844564' is located at the top left, and 'SPa ventral' is at the bottom left.
