

ABA: 68844612

SPa ventral

The image displays a brain scan, likely an fMRI or PET scan, showing two hemispheres of a brain in blue. The hemispheres are positioned symmetrically around a central vertical line. A horizontal line crosses the middle of the image, intersecting the vertical line. The text 'ABA: 68844612' is located in the top left corner, and 'SPa ventral' is in the bottom left corner. The background is black.
