

ABA : 69013143

VA/VL

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, indicating a specific functional region or activation. A vertical white line runs down the center, and a horizontal white line runs across the middle. The text 'ABA : 69013143' is located at the top left, and 'VA/VL' is at the bottom left. There are two small, bright blue spots: one in the upper central region and another in the lower left region.
