

ABA : 69059946

GP

An axial brain scan image with a blue highlighted region. The image is divided into four quadrants by a vertical and a horizontal white line. The blue region is located in the central part of the brain, primarily in the upper half, and appears to be in the basal ganglia area. The text 'ABA : 69059946' is in the top left, and 'GP' is in the bottom left.
