SPa ventral

The image displays two side-by-side brain scans of a rat, rendered in a solid blue color against a black background. The scans are positioned symmetrically around a central vertical axis. A thin white horizontal line and a thin white vertical line intersect at the center, forming a crosshair that divides the image into four quadrants. The text 'ABA: 69289793' is located in the top-left corner, and 'SPa ventral' is located in the bottom-left corner.
