

ABA: 69445373

SC

A coronal brain scan image with a blue highlighted region in the midline. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA: 69445373' is located in the top-left corner, and 'SC' is in the bottom-left corner. The blue region is centered in the midline, between the two hemispheres, and appears to be a small, localized area of activation or abnormality.
