

ABA : 69527968

CA1

An axial brain scan image showing a cross-section of the brain. The image is predominantly blue, with a central vertical black line representing the midline. The brain tissue is outlined in a lighter blue. The text 'ABA : 69527968' is located in the top left corner, and 'CA1' is located in the bottom left corner. The image is divided into four quadrants by a vertical and a horizontal white line.
