VMH

A fluorescence microscopy image of a brain section. The image is split vertically by a white line. The left side shows a brain section with several bright blue spots of fluorescence, primarily in the upper and lower central regions. The right side shows a brain section with a more uniform, dim blue fluorescence. A horizontal white line crosses the center of the image. The text 'ABA : 69528094' is in the top left, and 'VMH' is in the bottom left.
