

ABA: 69672838

VMH

This image shows a fluorescence microscopy scan of a brain section. The image is split vertically by a white line, likely representing a midline or a comparison between two conditions. The left side shows a complex pattern of blue and cyan fluorescence, with a prominent bright spot in the center. The right side shows a more uniform, dimmer blue fluorescence. A white crosshair is overlaid on the image, with the vertical line at the center and a horizontal line near the bottom. The text 'ABA: 69672838' is in the top left, and 'VMH' is in the bottom left.
