

ABA:69736204

OB anterior

A fluorescence microscopy image of a brain section. The image is dark with two prominent blue fluorescent spots. A white crosshair is overlaid on the image, with the vertical line passing through the center of the spots and the horizontal line passing between them. The spots are roughly circular and have a bright center that fades out towards the edges. The text 'ABA:69736204' is in the top left and 'OB anterior' is in the bottom left.
