

ABA : 69835567

VPM/VPL

An axial brain scan showing a localized area of activation in the left hemisphere, colored in blue. The activation is located in the posterior parietal region, corresponding to the VPM/VPL area. The rest of the brain is shown in grayscale. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the level of the activation. The text 'ABA : 69835567' is in the top left corner and 'VPM/VPL' is in the bottom left corner.
