VA/VL

An axial brain scan image showing activation in the left hemisphere. The image is a grayscale slice of a brain, with a vertical line indicating the midline. The left side of the image (patient's right) shows several small, bright spots of activation. The right side of the image (patient's left) is mostly dark, indicating no significant activation. A horizontal line is drawn across the middle of the brain slice. The text 'ABA : 69860427' is in the top left corner, and 'VA/VL' is in the bottom left corner.
