A posterior

A posterior brain scan showing a blue highlighted region. The image is a grayscale brain scan with a blue highlighted area. The highlighted area is located in the posterior region of the brain, specifically in the occipital lobe. The highlighted area is irregular in shape and contains several bright spots, suggesting areas of high activity or interest. The rest of the brain is shown in grayscale. The text "ABA: 69873522" is located at the top left, and "A posterior" is located at the bottom left.
