

ABA:70231305

Arc

This image shows a fluorescence micrograph of a brain section. The image is predominantly dark blue, indicating low levels of Arc mRNA expression. There are two distinct, bright yellow-green spots of high Arc mRNA expression, one on the left and one on the right, located in the ventral part of the brain. A vertical white line is drawn through the center of the image, and a horizontal white line is drawn across the bottom. The text 'ABA:70231305' is in the top left corner, and 'Arc' is in the bottom left corner.
