

ABA:70431283

VA/VL

This is a brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly blue, indicating low activity, with a central region of high activity (yellow) that is slightly irregular in shape. A white grid is overlaid on the image, with a vertical line passing through the center of the high-activity region and a horizontal line passing through the middle of the brain. The text 'ABA:70431283' is in the top left corner, and 'VA/VL' is in the bottom left corner.
