

ABA:70793929

CA1

A fluorescence microscopy image of a brain section, likely from a rodent, showing the CA1 region. The image is divided into four quadrants by a vertical and a horizontal white line. The left half shows a bright blue signal, indicating the presence of the marker, while the right half is dark. The text 'ABA:70793929' is in the top left and 'CA1' is in the bottom left.
