

ABA:71020431

Pn

This is a brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly blue, indicating low levels of activity. A small, localized area of high activity is visible on the right side of the image, appearing as a cluster of red and yellow pixels. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:71020431' is in the top-left corner, and 'Pn' is in the bottom-left corner.
