

ABA:71283586

SPa dorsal

A fluorescence microscopy image showing a neuron. The neuron is represented by a large, irregularly shaped blue field. At the center of this field, there is a much smaller, brighter blue spot. The image is divided into four quadrants by a vertical and a horizontal white line that intersect at the center of the bright spot. The text 'ABA:71283586' is located in the top-left corner, and 'SPa dorsal' is located in the bottom-left corner.
