

ABA: 71307376

SC

An axial brain scan image showing a cross-section of the brain. The brain tissue is highlighted in blue against a black background. A small, bright blue spot is visible in the upper left quadrant of the brain, indicating a focal lesion or abnormality. The brain is divided into two hemispheres by a vertical line, and a horizontal line is drawn across the middle. The text 'ABA: 71307376' is located at the top left, and 'SC' is at the bottom left.
