

ABA: 71587757

VMH

This is a fluorescence microscopy image of a brain section. The image is predominantly blue, with a central vertical band of higher intensity. Within this band, there are several distinct spots of yellow and green fluorescence, indicating specific areas of interest. A white crosshair is overlaid on the image, with the label 'ABA: 71587757' in the top-left corner and 'VMH' in the bottom-left corner. The 'VMH' label likely refers to the Ventral Medial Hypothalamus, a region of the brain.
